- » **Rules and Regulations** - Contestants agree to be bound by the official Showcase rules and decisions of the judges. Anything that is a violation of the rules will result in disqualification from that particular contest. SPJST reserves the right to interpret or amend guidelines as necessary. SPJST also reserves the right to refuse and/or not display any item.
- » Any protest concerning rule violations must be made prior to the announcement of the winners and must be directed to the Director of Member Engagement. Once the winners are announced, the decisions of the judges are final.

PHOTOGRAPHY - UNITED WE SHINE - THEMATIC

THEMATIC DEFINITION

A thematic photo is an image that visually represents a specific theme or message. For the theme "United We Shine," the photo should show unity, patriotism, and pride in America as we celebrate 250 years as a nation.

It should show how people, symbols, or moments reflect America shining through unity, freedom, and shared pride.

HOW IT WORKS

- **Central Element:** The U.S. flag should be the focal point of the arrangement.
- **Supporting Items:** Add objects that relate to the flag's meaning, history, or colors.
- **Purpose:** The goal is to create a cohesive, symbolic composition that tells a story at a glance.

STRONG PHOTO IDEAS FOR THIS THEME

- People holding or displaying the American flag together
- A group of different ages or backgrounds standing united
- Veterans and youth together
- A community gathered at a patriotic event
- Flags shining in sunlight
- Candlelight vigil or lights representing hope and unity
- A team huddle with patriotic elements
- Red, white, and blue decorations at a celebration
- A parade, memorial, or historic monument

Register online at spjst.org/showcase by June 15, 2026.

CREATIVE ARTS CONTEST

CONTEST RULES

- Entry must reflect the theme "United We Shine - Thematic.
- Photo must be taken by the contestant (contestant must not be in the photo).
- Photo must be submitted online in digital format at time of entry registration no later than 11:59 p.m. on Monday, June 15 at spjst.org/showcase.
- Files must be in .jpg or .jpeg format, not to exceed 10 MB with no restriction on dimensions (i.e. 8x10, 11x14, 5x7). There is no minimum size requirement; however, the photo must be large enough that it can be clearly evaluated.
- Photo file should be titled with the contestant's first and last name and a brief description. Example: JohnDoe_ABC River.jpg
- Camera adjustments (exposure, highlights, shadows) are allowed.
- Contestants acknowledge that they have sufficient permission of any recognizable location/people appearing in their photo and can produce a model/property release if requested.
- Photo will be judged and displayed digitally.

JUDGING CRITERIA

Composition (35 points) - The arrangement of the forms within the photo should be pleasing to the eye. How well did the photographer use the available space within the format? If the rules of thirds are broken, did the result justify that decision?

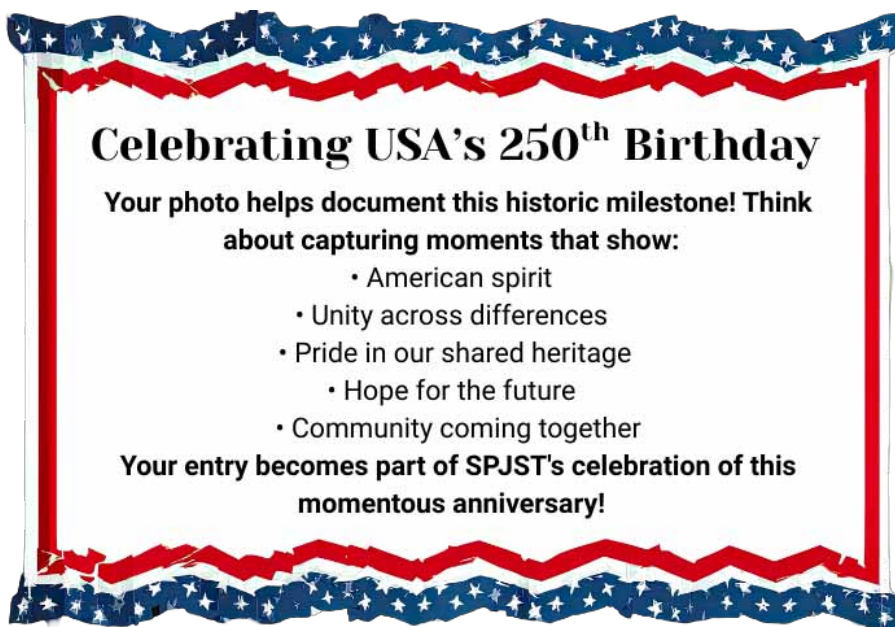

Exposure (25 points) - The amount of light that enters the camera hitting the camera sensor is called exposure. If not enough light enters the camera and reaches the digital sensor, the image will be too dark or underexposed. If too much light enters the camera and reaches the digital sensor, the image will be too bright or overexposed.

Impact (25 points) - The sense one gets upon viewing an image for the first time is impact. This is best explained by the "I wish I'd taken that picture" reaction. Does the image make the viewer feel happy, sad, angry, proud, or another intense emotion?

Creativity (15 points) - Is the image original, fresh, and an external expression of the imagination of the photographer? Did the photographer convey an idea, message, or thought?

Creative Ability (50 points) - In judging the creativity of a project, a judge tries to determine whether the idea for the project is original or clever considering the age division of the participant. What is original or clever for a first grader is obviously not very original or clever for a high school student. The actual work done on the project should be completed by the student alone.

Scientific Thought (25 points) - Judges look to see if there has been an identification of a problem. The judge then looks for a hypothesis (an educated guess to the problem). Then the experimentation is evaluated along with the analysis of the data collected. Lastly, the judge considers the appropriateness of the conclusion reached from the data collected.

Senior Group - 6th Grade through 12th Grade

- » Any Group Talent may drop a participant as listed on the entry form, but may not add or replace any participant listed on the original entry form.

BESEDA DANCE EXHIBITION

Beseda Dance Groups

Czechs in Texas have preserved many aspects of their cultural heritage. One of these cultural activities practiced by SPJST youth is the Beseda dance, which is a composite of the many dance steps that were popular in the various provinces and regions of what is now Czechia.

When the people came together for a Beseda, which means visiting or social gathering, they would each perform the dance representing their province. There are actually seven distinctive Beseda dances, one for each of the provinces or regions. The combination of all these folk dances became known as the Beseda dance.

The Česká Beseda is the official form danced in the SPJST Youth Program. The Česká Beseda features the "Heel and Toe Polka," or "Double Polka." The polka and waltz steps are the most frequently used steps in the Beseda, and they are usually alternated in the dance.

The Beseda is danced by four couples forming a circle. SPJST Youth Groups are invited to exhibit the Beseda dance at SPJST Youth Showcase and other events.
